PUBLIC WORKS APPLICATION

Permit No.: _____

Assoc. Permits.: _____

Instructions for Applicants

Please read and follow all instructions on your application carefully. Most permits require additional permit information such as worksheets, certifications, letters, reports or plans. Refer to the application forms for required information. Staff will not process incomplete applications. See the current Fee Schedule for a complete list of charges, available online. The City of Brier accepts check or cash only.

I certify that the information provided in this application, including all attachments, is true and correct to the best of my knowledge and that I am or represent the owner and am acting with the owner's full knowledge and consent. I understand that this application does not constitute approval of permits and/or work to be performed and that...

Initials

_____ ... It is the applicant's responsibility to request required inspections a minimum of twenty four (24) hours in advance at (425) 775-5440.

_____ ... Issuance of a permit does not in any way replace, modify or waive any requirement for the compliance of the proposal with other applicable standards or regulations. It is the responsibility of the owner / applicant to become aware of the requirements of the Brier Municipal Code (BMC). The approval of any plans does not guarantee that all provisions of applicable codes have been met.

_____ ... This permit applies only to the property for which it is approved and is non-transferable.

_____ ... An application may be amended only in writing.

_____ ... Submittal of this application grants city officials the right of entry to the project site during reasonable hours.

_____ ... Items with any typewritten information must be 10-point font or larger to ensure legibility of scanned documents.

_____ ... One original set of City-approved plans and the issued permit shall be on site at all times. Removal, mutilation or concealment of the permit before final approval is punishable by law.

_____ ... By submitting this application, I consent to pay additional inspection costs, if any, and any fees incurred for engineering or outside consultant review.

STORMWATER CONDITIONAL DISCHARGE PERMIT

Permit No.: _____

Site Address: _____

A **Stormwater Conditional Discharge Permit** is required for specific types of nonstormwater discharge to the municipal separate storm sewer system (MS4). These discharges are allowed when additional conditions are met. An application is complete when it is accompanied by the following items. See Chapter 14.04 BMC for requirements and definitions.

TYPE OF NONSTORMWATER CONDITIONAL DISCHARGE (PICK ONE)

- Potable Water Source**
Includes: - Water lines and hyperchlorinated water lines, hydrant system flushing, and hydrostatic test water.
Conditions: - Water is dechlorinated to a concentration of 0.1 ppm or less, pH-adjusted and reoxygenized if necessary, and volumetrically / velocity controlled to prevent resuspension of sediments to the MS4.
- Dechlorinated Water**
Includes: - Swimming pool, spa and hot tub discharges.
Conditions: - Water is dechlorinated to a concentration of 0.1 ppm or less, pH-adjusted and reoxygenized if necessary, and volumetrically / velocity controlled to prevent resuspension of sediments to the MS4.
- Discharges are thermally controlled to prevent an increase in temperature of the receiving water.
- Swimming pool, spa, and hot tub wastewater and filter backwash shall not be discharged to the MS4.
- Street Wash and Dust Control**
Includes: - Street, sidewalk, and private driveway wash water, water used to control dust, and routine external building washing.
Conditions: - No detergents are permitted.
- Minimize runoff through conservation efforts and/or education activities.
- Construction Site Discharges**
Conditions: - Discharges are in conformance with a city-approved Stormwater Pollution Prevention Plan (SWPPP).
- The SWPPP shall be designed to achieve a maximum of 5 NTUs above background (background of 50 NTUs or less), have not more than 10% increase in turbidity where background is greater than 50 NTUs, have pH of 6.5 to 8.5 in freshwater, and have no visible oil sheen.
- The property owner shall provide the city with all testing results and updated SWPPPs for review as changes occur.
- Other Discharges**
Conditions: - Discharges are in conformance with a city-approved SWPPP, or
- Discharges are in conformance with a current National Pollutant Discharge Elimination System (NPDES) Permit.

For Staff Use ONLY	
Verified	Waived

REQUIRED SUBMITTALS

- 1. Public Works application form, with original signature(s), and Application Fee: \$125 (Single-Family) or \$375 (All Other Uses).
- 2. A written statement describing how the discharge complies with the conditions (BMC 14.04).

- NOTES**
1. A Stormwater Conditional Discharge Permit is valid for thirty (30) days from the date of issuance.
 2. A Street Cleaning deposit is required for any work involving hauling material or other items to or from the subject site.
 3. Stormwater discharges must comply with Chapter 14.04 BMC, the currently adopted Washington State Department of Ecology Stormwater Management Manual for Western Washington, and the City's current NPDES Permit.
