APPLICANT ACKNOWLEDGEMENT

I have read, reviewed and understand the conditions stated below and I am familiar with Title 12 of the Brier Municipal Code regarding public right-of-way use permits.

Initials

_____ No work shall be covered prior to inspection. If required, an as-built shall be submitted prior to final approval.

_____ It is the applicant's responsibility to request required inspections a minimum of twenty four (24) hours in advance at (425) 775-5440. Inspections are required in advance of any concrete pouring or asphalt work.

_____ It is the applicant's responsibility to ensure that all applicable codes are complied with and that all contractors and subcontractors are licensed to do work in the State of Washington and the City of Brier.

_____ No cutting of fully improved streets or sidewalks is allowed without prior approval from the City of Brier.

_____ One (1) set of city-approved plans and this permit shall be on site at all times. Removal, mutilation or concealment of this permit before final approval is punishable by fine and imprisonment.

_____ Whenever a new street is accepted from a developer or a new overlay is completed, a five (5) year moratorium on pavement excavation and trenching goes into effect. This could result in delaying further construction of utilities except in the event of an emergency.

Exception: Should a new street or new overlay be excavated or trenched, a full or partial street-width overlay will be required, regardless of the pavement area disturbed. All existing pavement shall receive a two (2) inch grinding prior to the overlay. All overlays shall extend ten (10) feet beyond the edge of the trench and shall be restored to city standard.
